

**Corrigan Sports Enterprises is in search of a talented** Creative Director to join our hard working, close knit staff as a valuable part of our team. Our ideal candidate is passionate about telling stories and can create a narrative that translates throughout a multichannel marketing strategy. This person isn't afraid to put in long hours, working weekends and non-typical timeframes, is open to helping set up and tear down our events we host. They are ambitious, not afraid to try new things, self-driven, intuitive, and an out of the box thinker that thrives on challenges and in fast-paced environments. They are confident in their abilities to coordinate from start to finish multiple video projects at once while providing apt communication with internal and external teams. Work as part of our PR & Marketing teams.

***Duties and Responsibilities:***

- Responsible for the development and production of social media, Internet, and televised content.
- Write, shoot, direct, and edit video and audio both in studio settings and in the field.
- The ability to create graphics for video projects, print ads, logos, social media posts using Photoshop, Illustrator and other graphic designs software.
- To visualize ideas, professionally plan, communicate and execute what's needed to complete the necessary actions of a project throughout its life-cycle.
- Provide content that reflects the company's core values and customer needs.
- Works closely with our PR & Marketing team and communicates effectively on project goals and successes.
- Assist in managing and updating annual video budget along with PR and Marketing team.
- Manage day to day workflow and create new processes to improve workflow and job performance.
- Assist with our event set up as well as tear down

***Required Skills:***

- 2-3 years of video production experience.
- Bachelor's degree in related field.
- Advanced knowledge in Final Cut X.
- Initiative to conceptualize, present and develop visual communication projects.
- Proven ability to produce content for a variety of audiences throughout the local area and nationally.
- Move from project to project with organization and attention to detail.

- Ability to communicate effectively with both internal and external teams.
- Must be adaptable to assist with team projects and departmental productivity.

***Preferred Skills:***

- Experience with Motion or other animating programs.
- Working knowledge of software within the Adobe Creative Suite
- Experience in advertising, public relations, marketing, or related field.

***Competencies:***

Creativity, Customer Focus, Timely Decision Making, Directing others, Humor, Innovative, Interpersonal Savvy, Organizing and planning, Presentation Skills, Process Management, Integrity and Trust
